N° 5-2019 OF DIDACTICA HISTORICA

Dear colleague,

Following the International Study Days «Teaching about and Learning from the Holocaust. Practices and Experiences in Education» at Lausanne, we invite you to submit a contribution for publication in no. 5 of *Didactica Historica*, which will be published in April 2019.

In this edition, short contributions (up to 16'000 characters incl. spaces, with at least two iconographic materials: picture, table, schema, graphic) are published in paper form, with the possibility of proposing additional materials for online edition. In addition to the actual text, your contribution contains a summary of 600 characters (including spaces), 3-5 keywords and a short biography of 4-5 lines (possibly with 2 of your important publications in context).

You have the option of submitting an article in a long version (up to 32,000 characters, with at least three iconographic materials), which will be reviewed by the International Advisory Board of *Didactica Historica* in a double-blind procedure and put online on the publisher's website. **For an online contribution with a peer review, a short «paper version» with a maximum of 16,000 characters is mandatory.** The two texts (short and long articles) must have a different title.

Deadline for texts: 15 June 2018

Please let us know by 15 April 2018 whether you will submit a contribution
